DR. SPOHN'S

Sick Headache Remedy.

FOR the permanent cure of this distressing complaint, never fails. When perspired in, it effectually renovates the system, and does away the cause of the Sick and Nervous Headache. Thousands have tried it, and found precisely the relief which the article promises to bestow. Certificates of the strongest kind, and from the most respectable persons, are in the possession of the proprietor, some of which have been published, testifying to the permanent cure and others to the immediate relief given by this remedy. It affords relief to the afflicted in 15 or 20 minutes from the first dose. It taken when the symptoms of an attack are first felt, it prevents the further progress of the complaint, and can produce no danger at any time by an excessive dose; as in such a case it would throw off the contents of the stomach, leaving it sweet and healthy with an excellent appetite. All afflicted with the headache should not fail to procure the article, and relieve themselves from so distressing complaint.

Physicians have in many instances given it to their patients, and in every instance, to our knowledge, with great satisfaction have found it a certain cure. Sick and Nervous Headache is a complaint with which physicians do not wish to have anything to do, and generally prescribe only for temporary relief: consequently, Dr. Spohn's Sick Headache Remedy escapes the opposition which some other proprietors' articles meet from that source.

Try it once and you never will regret it. It is composed entirely of Vegetables, and contains no mineral, or poisonous drug of any kind, and does not require any change of diet or exercise.

Sold wholesale and retail by Comstock & Co. wholesale Druggists, 2 Fletcher st. N. Y., and by the principal Druggists in the Union. For sale by S. Moody, Middlebury, Vt. HEWES.

Nerve and Bone Liniment.

This article is offered to the public as a never failing cure for the Rheumatism, and it has for a number of years sustained its reputation, and accomplished cures which had defied the power of every other article. In acute and recent cases, the relief is invariably after one or two applications of the liniment and in chronic Rheumatism, the cases of cure are numerous. It is truly a remedy that reaches the nerve and bone with the most happy effect.

Sold wholesale and retail by Comstock & Co. wholesale Druggists, 2 Fletcher st. N. Y., and by the principal Druggists in the Union. Sold by S. Moody.

Dr. McMunn's Elixir of Opium.

Superior to Paragoric or Laudanum, or any of the preparations of opium.

Dr. Taylor's Balsam of Liver-

work has been successful for eight years in the cure of the following diseases: Consumption and Liver Complaint, Female complaints, Spitting of Blood, Nervous diseases and weakness. Sold by S. MOODY, Middlebury, Vt. 20

CITIZENS OF VERMONT

In order to secure to you the true Brandreth's Vegetable Universal Pills, the sale of them in your State will be conducted in the following manner: That one Travelling Agent, Mr. JOHN O. LANGLEY, will visit the State, whose authority to act for me, will be made manifest, by his producing numerous certificates, signed with a pen by me, with my family arms embossed upon a paper and a finely engraved view of my Manufactory in New York State, engraved thereon.

Local Agents, by observing this, need never be imposed upon by Pedlars. Every Local Agent, furnished with the Genuine Pills, will have one of these aforementioned Certificates put up in his Store. Observe that it is signed with a pen, B. Brandreth, M. D. And that my Family Arms are embossed upon the paper.

See that the date thereof is engraved. No Certificate is any guarantee that the holder takes Genuine Pills after one year from the engraved date thereof.

Purchasers by observing this need never be imposed upon by Local or Travelling Traders who have no more principle than to deal in Counterfeit Medicines. See the reading on the side of each box, will never forget to ask for this Certificate of Agency. The aforementioned Travelling Agent will make frequent calls upon Local Agents, furnishing them from time to time with supplies of the Genuine Brandreth's Pills, from my Principal New England Office, 19—Hanover Street—19 BOSTON.

No Pills will be sold from me to retail in Vermont but to Local Agents, therefore, should others, not holding my Certificates of Agency, profess to have the Genuine Brandreth's Pills, believe them not! One word to traffickers in Counterfeits of my Pills. I am determined to expose all intriguements upon my just rights.

A List of my Local Agents in Vermont, will be published in most of the papers printed in that State, soon as prepared. Purchasers, by those Agents only, and you will avoid imposition.

BENJAMIN BRANDRETH, M. D.
241 Broadway N. Y.

Sole Proprietor of Brandreth's Vegetable Universal Pills, in the United States of America.

READ, REFLECT.

TRUTH IS SELF-EVIDENT.

In a country so subject to this sudden changes in the temperature of the atmosphere, it is of the very greatest importance that a strict watch be constantly kept upon the very seat of life—the region of the stomach and bowels. It is there the Creator has placed the VITAL PRINCIPLES of our existence; and it is through them that the human frame continually renews and renovates itself from the natural losses it sustains by the very action and reaction of the life principle. The stomach and bowels may therefore be called the grand regulators of the body's health. They sound the alarm when any thing infectious has been absorbed—they become affected even when the most remote members of the body have sustained injury. There sympathy with every ill that can befall each and all of the corporeal agents, is fixed and steady as it is prompt and extensive. It only by proper and timely attention being at all times, and in all seasons, paid to these MAIN SPRINGS OF EXISTENCE, the stomach and bowels, so that they may be supported in their regular functions, that the changes of temperature are rendered less affecting, and a state of almost uninterrupted health can be secured.

Although the causes which produce and foster disease in the human body are very numerous, yet the effects are invariably the same, namely—IMPURITY OF THE BLOOD—and whatever medicine will carry off these humors which have produced this contamination

to the blood must, of necessity, restore the healthy condition of the body, and the surest safeguard against protracted infirmity and premature decay.

It is needless to recapitulate here, all that has from me to time been added to prove the efficacy of

Brandreth's Vegetable Universal Pills,

and successful experiment has convinced even the most sceptical, that it is the only Medicine calculated for the certain cure and prevention of disease, with thousands and tens of thousands have been restored to health and happiness under its beneficial auspices, who have been pronounced as incurable by physicians of the first standing, and in many cases when every other remedy had been resorted to in vain.

In all cases of pain and weakness, whether it be chronic or recent whether it be deafness or pain in the side, whether it arises from constitutional or some other cause—whether it be from internal or external injury, the disease is always sure to be eradicated by the use of these Pills. Their safety pervading the various stages of existence—from helpless infancy to old age—has long been subject of especial commendation and wonder—and the fact that its application of VEGETABLE PURGATIVES is unattended by the least inconvenience, and that no particular attention is required at the time that the Pills are taken, either as regards diet or action, constitutes of itself one of the most important benefits ever bestowed on mankind.

The great business of "Purging" in times of sickness is beginning to be properly appreciated, and extensively understood. Common Sense (that unerring guide, which not only the arts of science, but the arts of life, have found it is much more convenient to take the occasional dose of Pills, and thereby ensure UNINTERRUPTED HEALTH, than to submit to being bled, blistered or salivated, with the certainty that if Death do not immediately follow, months and perhaps years of unutterable sufferings will be entailed; and that the only individual profited by the treatment is the Doctor.

It is also well worthy of consideration, that the principle of purging with Brandreth's Pills removes nothing but the useless and decayed particles from the body—the morbid and corrupt humors of the blood, which generally impede the functions of the liver when they settle upon that organ—produce rheumatism when they settle upon the muscles—gout when they settle upon the joints—consumption when they settle upon the lungs; costiveness when they settle upon the intestines—apoplexy, paralysis, and all the train of melancholy disorders so fatal to the sufferer, when these settle upon the lining of the blood vessels. The depravity of the humors is also the immediate cause of intermittent fevers and dysentery—for it requires but the contact of contagious miasma, to produce bilious, yellow, scarlet, and the like kind fevers, as dysentery and diarrhoea.

It must, therefore, appear self-evident that purging the four humors from the body is the only True and Effective means of curing and preventing these complaints, and every other form of disease, for as it cures the temper and the torrid to bring about a quiet state of the system, so will it require repeated evacuations by the bowels, before the blood can be relieved of its accumulated impurities, and Nature left free to restore every organ to its proper healthy action. But yet even when this has been done it is impossible for those who take little exercise to enjoy perfect health, unless they occasionally make use of vegetable purgative medicine; for the conduits of the blood are there, they kept free from those impurities which would prevent its steady current mustering health—morbid humors are prevented from becoming mixed with it, an nature is thus assisted through the means and outlines which she has provided for herself.

BEWARE, and NEVER Purchase Brandreth's Pills without the seller can exhibit the Certificate alluded to at the commencement of this advertisement, and do not forget that PEDLARS NEVER have the True Pills.

DR. A. SHERMAN'S

MEDICATED LOZENGES.

Children or adults can take medicine in this form without difficulty. It is the only way to make it pleasant yet discovered.

Purchasers will please observe that the name "A. SHERMAN, M. D." is on each box. SHERMAN'S COUGH LOZENGES.

His Lozenges are sealed, and have "A. SHERMAN, M. D." on the side of the box. They are the safest, most sure and effectual remedy for coughs, colds, consumptions, whooping cough, Asthma, tightness of the Lungs or chest, &c. &c. The proprietor has never known an instance where they did not give perfect satisfaction. Several thousand boxes have been sold within the last three months restoring to health, persons in almost every stage of consumption, and those laboring under the most distressing cold and coughs.

They do not check and dry up the cough, but render it easy, promote expectoration, allay the tickling or irritation, and remove the proximate or exciting cause. They are made from a combination of the most valuable expectorant for cough medicines, and are undoubtedly superior to every thing in use for those complaints. Hundreds of certificates have been offered of their wonderful virtues, from those who have been saved from an untimely grave, and restored to perfect health by using them. Dose.—One lozenge is a dose for an adult, and may be repeated from three to six times a day, as required. Children, eight years old, half of one; four years, a quarter, and so in proportion. Very small children or infants will take them best dissolved in a little water. Should they act as an emetic, or produce nausea, the dose must be lessened to what the stomach will bear. Half of one will generally be sufficient to take before breakfast, as the stomach is more easily sickened. No ill effects can arise from an over dose, as it will cause the stomach to reject it; and although not a pleasant sensation, will be found to give relief. Where there is much pain in the breast or side one of Sherman's Poor Man's Plasters should be applied over the part, and worn till relieved. If attended with costiveness, a few cathartic or laxative Lozenges, or any mild cathartic medicine should be used as occasion requires. Sold at the Variety Store, by PANGBORN & BRINSMAN, Jewellers, Burlington, Vt. wholesale agents. A liberal discount to merchants who buy to sell again. For sale by J. DYAR.

SHERMAN'S

POOR MAN'S PLASTER.

ONLY 12 1/2 cents each. Each plaster has printed on the back of it, "Sherman's Poor Man's Plaster." It is the best strengthening plaster in the world, and a sovereign remedy for pain or weakness in the back, loins, side, breast, neck, limbs, joints, rheumatism, lumbago, &c. &c. One million a year will not supply the demand. They will require a little warming before application. Warranted superior to all others, and for one quarter the usual price, making not only the best, but the cheapest plaster in the world. It affords relief in a few hours, and makes astonishing cures. In liver complaint and dyspepsia, it should be worn over the region of the liver or stomach and it will afford great and astonishing relief. In coughs, colds, asthma, difficulty of breathing, oppression of the chest or stomach, they will immediately soothe, and greatly benefit the patient. Persons of sedentary habits, or those obliged to stand much, will receive decided support from one of the truly strengthening plasters. Physicians generally recommend them, in preference to all others, because they stick or adhere better and afford greater relief. In their operation they are stimulant, tonic, and anodyne. They are composed of entirely different ingredients from any other; and known from the experience of millions, who have used them, as well as the united testimony of all the celebrated and distinguished clergy and physicians, to be the most useful and highly medicated plaster, ever invented or offered to the public. Several persons have called at the ware house to express their surprise and thanks at the almost miraculous cures their plasters have effected. One man who had been afflicted with rheumatism, as to be unable to dress himself without assistance, was enabled after wearing one, only one night to get up alone in the morning, put on his clothes and call at our office with eyes beaming with joy and his tongue pouring forth the gladness of his heart, at the sudden and signal relief he had received from this best of all remedies. Ask for Dr. Sherman's Poor Man's Plaster. It is so called, because the price places it in the power of all to purchase, being only 12 1/2 cts. Sold at the variety store by PANGBORN & BRINSMAN, Jewellers, Burlington, Vt. wholesale agents.—A liberal discount to merchants who buy to sell again. For sale by J. DYAR. 35; 1y

THE VEGETABLE PULMONARY BALSAM

is believed to be deservedly the most popular Medicine ever known in America, for coughs, colds, asthma or phthisis, consumption, whooping cough, and Pulmonary affections of every kind. The Vegetable Pulmonary Balsam has been very extensively used for about twelve years, and its reputation has been constantly increasing. So universally popular has this article become that it may now be considered as a standard article in a large part of the United States and British Provinces. Many families keep it constantly by them, considering it the most safe and sure remedy. The proprietors have received, and are receiving numerous recommendations from many of our best Physicians, who make use of it in their practice. The names of a few individuals who have given their testimony in favor of this article are here subjoined, and for a more full account see the envelope to the bottle.

Doct. Anory Hunting, Doct. Samuel Morrill, " Truman Abell, " Timothy Baylis, " Thomas Brown, " Jere Ellsworth, " William Perry, " Albert Guild.

Extract of a letter from Mr. C. S. Clay, Kingston, Ulster county N. Y., to the proprietors: "Years of the 9th inst. was received. A remarkable cure was effected by the Vegetable Pulmonary Balsam, in the Winter and Spring of 1835. The person, Mr. Moody, had been sick a long time with the consumption. He was reduced so low as to be unable to help himself, and was raising a large quantity of blood, when he commenced using the Balsam, which effected a complete cure, and he is now as hale and hearty as ever he was. Mr. Moody has removed from this town, but he has promised me a more detailed account of his case, which I will forward you."

C. S. CLAY.

Kingston, N. Y. June 25, 1838.

Argyle, Nova Scotia.

In the winter of 1837 and 1838, I was seized with a violent cough, which continued two or three months. My cough has been severe, and I was obliged to sit up in bed two or three hours during the night, and I was much reduced in flesh and strength, and my appetite gone. One of my neighbors had a bottle of the Vegetable Pulmonary Balsam, which he would not sell. He however loaned it to me till I could procure him another. I experienced immediate relief from it. The first opportunity I had I procured more of it, and to the use of it I ascribe the cure of my cough. JAMES W. LENOX.

Dec. 17, 1838.

COUNTERFEITS. BEWARE OF IMPOSITION!

Each genuine bottle is enclosed in a blue wrapper on which is a label, signed by SAMUEL REED. NONE OTHER CAN BE GENUINE.

The outside Yellow Label will have, on and after December 1839, in addition to that of Samuel Reed, the signature of WM. JOHN CUTLER, one of his partners.

The great celebrity of the Vegetable Pulmonary Balsam has been the cause of attempts to introduce spurious articles, which partially assuming the name of the genuine, are calculated to mislead and deceive the public.—Among these mixtures are the "American Pulmonary Balsam," "Vegetable Pulmonary Balsam Syrup," "Pulmonary Balsam," "Carter's Compound Pulmonary Balsam," and others. Purchasers should enquire for the true article by its whole name—THE VEGETABLE PULMONARY BALSAM, and see that it has the marks and signatures of the genuine. Each bottle and seal is stamped "Vegetable Pulmonary Balsam."

One MORE COUNTERFEIT, besides the "American Pulmonary Balsam," and others above alluded to.—An attempt has been made to deceive the public by a spurious mixture called "Vegetable Pulmonary Balsam," sometimes signed Samuel Lee and sometimes Samuel Lee said to be prepared by an unprincipled man in Bangor Me. The name is written in a way to resemble the genuine signature and is a base attempt to deceive the public and avoid the punishment that awaits actual forgery.

For sale by REED, WING & CUTLER, (late Lowe and Reed) wholesale dealers in Drugs, Medicines, Paints and Dye Stuffs, No. 51 Chatham St. Boston, and by Druggists and country merchants generally in New England, and in the principal places throughout the United States and British Provinces. Price 50 cents. Sold by S. MOODY, Middlebury Vermont. 15; 1y
